This Board is chaired by the Secretary to Government of India assigned the charge of the Department, and is supported by seven Members with portfolios including Operations, Infrastructure, Service Quality and Marketing, Financial Services, Personnel, Human Resource Development, Technology. The Financial Advisor of the rank of Additional Secretary heads the Integrated Finance Wing (IFW) and is also panel of the the Board. The Secretary of the Postal Services Board assists in the Board's functioning, with additional support from Chief General Managers of Directorates for Parcel, Postal Life Insurance and Business Development and the Deputy Directors General, Directors, and Assistant Directors General looking after various functions at the headquarters. The Director General Postal Services is responsible for overall management of the Department's operations.

1.4. Postal Network of DoP is divided into 23 Postal Circles, generally aligning with state boundaries, but with some exceptions. Each Circle is managed by a Chief Postmaster General. Larger Circles are further subdivided into Regions led by Postmasters General, with Postal and Mail Divisions (referred to as Railway Mail Sorting or RMS Divisions). Additionally, 23 Postal Accounts Offices (PAOs) manage the accounting and the General Manager (Finance) or Director of Accounts (Postal) heading the PAOs also serve as Internal Finance Advisors to Chief Postmasters General. There are various functional and supporting units such as Stamps and Postal Stores Depots and Mail Motor Services. The operational offices include Post Offices and Mail Offices (for sorting and transit handling). Post offices are categorized into Head Post Offices, Sub Post Offices and Branch Post Offices, with Branch Post Offices predominantly in rural areas. The Army Postal Services, a separate wing under the Ministry of Defence, handles the postal needs of the defence forces and is led by an Additional Director General of Major General rank, with most personnel drawn from the Department of Posts.

1.5. Department of Posts, with its landholdings, buildings and residential colonies spread across the country, possesses significant potential for revenue generation through their strategic utilization. For a number of years, the department has been feeling the need to generate additional recurring revenue which can be utilised for up keep maintenance of real estate by proper and efficient utilisation of its land and building assets with the help of an expert agency which can assist Department of Posts in its endeavour to maximise its revenue earning potential.

1.6. Department of Posts have 1,64,987 post offices in the country. Out of these, 25,096 are departmental post offices (Sub Post Offices i.e. SOs, Head Post Offices i.e. HOs, Mukhya Dakghars i.e. MDGs and General Post Offices i.e. GPOs) and remaining are called Branch Post Offices which are operated by Grameen Dak Sevaks (GDS). The department also has a network of parcel Hubs, Sorting Hubs, Transshipment centres, Nodal Delivery centres, Automated Mail Processing centres, Postal training centres and administrative offices located throughout the country. The Department is expected to

provide department owned building to all these 25,096 departmental Post offices. Presently 4373 Post office are running from buildings owned by the Department while remaining are operational from rented buildings. Department incurs a substantial expenditure as rental liability for hiring buildings to provide postal services. Construction of own buildings on vacant lands owned by the department is thus a vital requirement of the Department.

1.7. The Department owns 1,472 vacant plots of land in different parts of the country. These plots were acquired/ purchased / received as gift for construction of postal buildings over a period of time. Since only 17.43% of the Departmental post offices are functioning in departmental buildings, the Department has a policy of constructing Postal building on the vacant plots where cost benefit analysis suggests that owning a building is beneficial, compared to hiring a building on rent for operational purposes.

1.8. Employee welfare has been one of the features of the Department over the years. Residential colonies for postal employees are an important part of that feature. There are 19,845 staff quarters in 820 postal colonies throughout the country. Many of them are in bad shape as their regular maintenance have not been carried out over long period due to lack of funds. They require extensive repair works to prevent further deterioration in their condition which require large amount of fund. Many colonies are underutilized in terms of FAR. The Department propose to redevelop these colonies for revenue generation as well.

1.9. Presently 4,373 Post office are running from buildings owned by the Department. Many of them are occupying small portion of the available plot without fully utilizing the maximum FAR permitted for construction on these plots using available additional FAR may generate additional revenue.

1.10. The department has several post offices, which occupy prime location in the heart of a town/city. These are proposed to be redeveloped in multi-storey buildings by utilising the maximum FAR permitted therein. This will have benefits like maximizing space, generating rental income, improving customer service and extra space for expanding services.
